

ABARTH PRICE LIST

SEPTEMBER 2015

THE HISTORY OF **ABARTH**

Carlo Abarth (15 November 1908 – 24 October 1979) was born in Vienna, Austria. With an early passion for engines, speed and competition Abarth gained an apprenticeship for Castagna, in Italy, designing motorbike and bicycle chassis before returning to Austria in 1927 where he worked for Motor Thun and raced motorbikes, winning his first race in Salzburg in 1928. Abarth went on to be European champion five times before retiring following a serious accident. However, speed was in his blood and in 1933 he designed a sidecar with which he beat the Orient Express railway on the 1,300km stretch from Vienna to Ostend.

Carlo Abarth founded the Abarth & C. company with Cisitalia racing driver Guido Scagliarini in Bologna on 31 March 1949 using his astrological sign, the Scorpio, as the company logo. The company's stated purpose was: "the production of cars and complementary aggregates for sport and racing cars, as well as changes and improvements to sports and racing cars" The company had immediate success on track claiming second in the Mille Miglia endurance race and winning the Italian 1100 championship and Formula 2 title in its first year. Following successes on track Abarth's exhaust system and tuning business became more prosperous with the first year's production sold out. This success heralded the Abarth brand and in 1951, the first car to carry the Scorpion badge – the Abarth 1500 was built. Abarth went on to achieve the astonishing legacy of 10 world records, 133 international records and over 10,000 track victories.

Today, over 66 years on from its origins Carlo Abarth's vision to take modest everyday cars and achieve levels of performance that simply defied belief through the application of design and engineering excellence is more alive than ever. In Abarth showrooms you will find those same beliefs embodied in every Abarth product. Through the combination of a legacy of engineering prowess, advanced modern design and the latest technology you are able to benefit from the perfect blend of prodigious power, superb handling and fuel efficiency, all wrapped up with the inherent sporting character of a marque with racing in its soul.

SINCE 1949**

Primary Features

- Front intercooler with racing layout
- Oval trumpet airbox by BMC
- Leather and Alcantara sport seats by Sabelt with backrest shell
- Braking system by Brembo with 4-piston aluminium calipers with oversized discs
- Hydraulic shock absorbers with racing springs by Extreme Shox
- Dual-stage exhaust with twin titanium tailpipes by Akrapovic
- Lightened 18" alloy wheels with 215/35 (18") tyres by O.Z.
- Side skirts with carbon fibre inserts
- New body kit with increased wheel track
- Rear bumper with aerodynamic carbon fibre diffuser
- Front bumper with carbon fibre spoiler
- Oversized roof spoiler
- "Grey Performance" matt body colour
- Internal rear titanium 3-bar roll-cage by Poggipolini
- Aluminium sport pedals kit with titanium finish
- Aluminium driver and passenger side floor lining
- Racing front door panels

ABARTH 695

BIPOSTO

190 HP

ON THE ROAD CHARGES

ON THE ROAD CHARGES (OTR) INCLUDE:

12 Months Government Vehicle Excise duty depending on CO₂ emissions, vehicle first registration fee (£55), number plate (£26) and delivery costs (£513.04).

GRADUATED VEHICLE EXCISE DUTY (ROAD FUND LICENCE) VALID FROM 1ST APRIL 2015

The Graduated VED bands classify all new cars into one of the Vehicle Excise Duty bands, depending on their type of fuel and carbon dioxide (CO₂), emissions level, measured in grams per kilometre (g/km).

BENEFIT-IN-KIND TAXATION

The company car Benefit-in-Kind Taxation scale is linked to the CO₂ emissions level. The table right shows the percentage of the car price to be taxed (P11D value). Below is an explanation useful to calculate the BIK.

EXAMPLE OF HOW TO CALCULATE BIK

Look at the table to the right and find the percentage to be applied according to the CO₂ emissions. The cars price to be taxed (P11D value) includes: Total Retail Price (Basic Price + VAT) + Number Plate (£26) + Delivery costs (£513.04) + Option (Including VAT). Calculate the BIK as follows: P11D value x % of car price to be taxed.

VED Band	E	F	G	H
CO ₂ EMISSIONS FIGURE (G/KM)	131 to 140	141 to 150	151 to 165	166 to 175
FIRST-YEAR RATE	£130	£145	£180	£295
CO ₂ EMISSIONS FIGURE (G/KM)	130-134	135-139	140-144	145-149
% OF CARS PRICE TO BE TAXED	21%	22%	23%	24%

OFFICIAL FUEL CONSUMPTION FIGURES FOR ABARTH RANGE MPG (L/100KM): COMBINED 45.6 (6.2) - 48.7 (5.8), URBAN 34.4 (8.2) - 37.2 (7.6), EXTRA URBAN 55.4 (5.1) - 60.1 (4.7), CO₂ EMISSIONS: 145 - 134 G/KM. Fuel consumption and CO₂ figures are obtained for comparative purposes in accordance with EC directives/regulations and may not be representative of real-life driving conditions. Factors such as driving style, weather and road conditions may also have a significant effect on fuel consumption. Abarth UK is a trading style of Fiat Chrysler Automobiles UK Ltd.

PRODUCTS OFFERED FOR SALE MAY DIFFER FROM THOSE DESCRIBED OR ILLUSTRATED IN THIS PRICE LIST DUE TO LATER PRODUCTION CHANGES IN SPECIFICATIONS, COMPONENTS OR PLACE OF MANUFACTURE. THE CONTENTS OF THIS PRICE LIST ARE THEREFORE TO BE TREATED AS REPRESENTATIONS AS TO THE CURRENT AVAILABILITY OF PRODUCTS AS DESCRIBED, OR AS TO PRODUCTS ACTUALLY OFFERED FOR SALE.
