WELCOME TO THE NEW ŠKODA FABIA

The ŠKODA Fabia is the third generation of ŠKODA's most successful city car. Both lower and broader, the ŠKODA Fabia is the latest model to wear the new ŠKODA design language. The wide range of exterior Colour Concept combinations and interiors allows you to express your personality and steal attention on the road.

The engines have also advanced with all being EU6 compliant and offer CO₂ as low as 88g/km without compromising the stunning performance.

Read on to learn how the new Fabia can fit perfectly into your life with the impressive room for front and rear passengers, as well as a class leading boot. You can enjoy your journey with the fantastic infotainment system whilst knowing you have the protection of a 5 star Euro NCAP award. These are just some of the reasons **What Car?** Magazine announced Fabia not only as the winner of their '**Best Small Car**' award for 2015, but also as the overall **What Car?** '**Car of the Year**' for 2015.

Model shown is not UK specification.

EXTERIOR DESIGN

The new ŠKODA Fabia turns heads wherever it goes, with its dynamic style and elegant clean lines.

The front of the car embodies the core elements of ŠKODA's new design language, including the grille's clear geometric shape, the ŠKODA logo on the sloping front end of the bonnet and the crystalline design of the headlights.

Sharp lines and strong curves define the rear, creating an attractive play of light and shadow. The new design language is spelt out in the crystal-shaped space for the number plate. The rear of the car also features the familiar illuminated C-shaped rear lights.

The Fabia Estate is proof that form and function can live under the same roof. Its sharp, clean lines cleverly hide the unrivalled space inside. View it from any angle and its perfectly balanced proportions won't fail to impress. It's a great example of dynamic design working in harmony with practicality.

The new Fabia is as beautiful as it is dynamic. The dance between light and shadow continues, with strong distinctive lines running parallel across the body of the Fabia.

The wide, clean-cut headlights boast distinctive contours and sharp edges. For the first time, you can opt for LED daytime running lights integrated into the headlights (standard on SE L).

The optional panoramic glass roof stretches across the roof to the spoiler.

The side indicators have now been moved into the door mirrors creating a clean and sharp side profile.

The front grille contains 19 vertical slats, with the badge positioned in a prominent position on the bonnet. Daytime running lights with LED are available (optional on SE, standard on SE L) and front fog lights are also available with a cornering function (front fog lights are standard on SE L, cornering front fog lights are optional on SE and SE L).

INTERIOR DESIGN

Equally captivating is the car's interior, with quality materials and precise workmanship wherever you look. An emphasis on horizontal lines and fine-tuned ergonomics makes the interior of the new Fabia a comfortable, and surprisingly spacious place to be.

Personalise the interior with Blue upholstery and a white insert for the dashboard (available on SE and SE L).

You can enjoy the feeling of freedom and space with the optional panoramic glass roof.

The new Fabia provides extraordinary space for your friends or family in the rear seats.

INTERIOR STORAGE

Make your life easier by finding the little things that make a big difference. We call this Simply Clever.

Multimedia Holder

You can drive with your smart phone safely stored in the multimedia holder placed in the dual cup holder on the central console. Part of the Simply Clever pack.

Pockets

Storage pockets on the insides of the front seat backrests can carry a map, mobile phone or other small items. Available on SE and SE L models.

Bottle holders

The storage compartments in both rear doors can hold a 0.5-litre bottle (pictured), while the front doors can hold a 1.5-litre bottle.

Waste basket

Put small items of rubbish, like snack wrappers, into the waste basket, which can be easily removed and emptied. It can be inserted into the storage compartment in the front door panelling. Part of the Simply Clever pack.

Reflective vest compartment

Vests can be located in the storage compartments in the front door, ensuring they are always within reach.

Glove compartment

The closed storage compartment in the dashboard has enough room to fit a 1-litre bottle inside.

LUGGAGE COMPARTMENT

Capacity

The new Fabia's spacious luggage compartment runs some impressive numbers: the hatchback offers 330 litres with the seats up and 1,150 litres with the rear seats folded, while the Estate offers 530/1,395 litres.

Shelf

The 2-position luggage compartment shelf, when fixed in the lower position, allows for the transport of fragile objects.

Folding hooks

Your shopping will be safe from spilling out of the bags when hung on the hooks.

Flexible storage compartment

This handy accessory can be used to fix smaller objects in place.

Net programme

A set of nets in varying sizes will help keep everything in place in your luggage compartment and will prevent luggage from sliding around (optional).

Mid-level floor

This special equipment for the Fabia Estate raises the floor of the boot to be level with the sill, making it easier to lift bulky items into the boot. In addition, it provides a discrete storage place.

Bicycle holder

The optional interior bicycle holder will allow you to comfortably transport two bicycles inside the boot (Estate only).

INFOTAINMENT

Advanced technology on board turns your car into a **smartphone on wheels**.

SmartLink

SmartLink delivers an elegant connection between car and smartphone using MirrorLink™, Apple CarPlay and Android Auto interfaces. Whether you want to select and listen to music on your smartphone or receive turn-by-turn directions via a navigation app, all of this is mirrored on the central display.

SmartGate

SmartGate SmartGate is a system that uses Wi-Fi connection to send selected vehicle data to a connected device. Special mobile apps are available which allow you to analyse driving data and performance to find out more about your driving style. Examples of data available include vehicle speed, engine revs and g-meter. The SmartGate applications are available free of charge from app stores.

Drive**

MFA Pro**

MotorSound**

G-Meter

Performance

Service

Bolero radio

This top-of-the-range infotainment system for the Fabia offers the advanced ŠKODA Surround audio system as standard.

When you connect your phone via Bluetooth®, when it is safe to do so you can read, write and send texts using Bolero's large 6.5" colour LCD touchscreen with a resolution of 800x480 pixels and multitouch gestures (standard on SE and SE L).

ŠKODA Surround

Enjoy a more intense music experience with the new ŠKODA Surround. This advanced audio system with digital processor, 6 speakers, 2 virtual speakers and a virtual subwoofer, is tuned perfectly to the space of the Fabia. It is fitted as standard with the Bolero radio. Works when a device is paired to the system.

COMFORT

Electrically-adjustable and heated door mirrors

The door mirrors can be quickly adjusted and defrosted or defogged from the comfort of your seat without having to open the windows.

Electrically-adjustable windows

The controls for the front windows are conveniently located in the door panelling. If you decide on the optional electrically-adjustable rear windows, you'll also get the child's safety lock.

Rain and Light Assistants

Your drive will be even safer and more pleasant now that you can leave turning on and off the lights and wipers to the Rain and Light Assistants (optional).

KESSY / KESSY GO

The new Fabia can be equipped with KESSY (Keyless Entry, Start and exit SYstem) or with the simpler version called KESSY GO. A Start/Stop button for keyless switching on and off the engine is located on the steering column (KESSY GO is standard on SE L).

Multi-function steering wheel

The attractive multi-function leather steering wheel is not only soft and tactile, but enables you to control the radio, Maxi DOT and your connected phone (optional on SE, standard on SE L).

Climatronic air conditioning

The electronic air conditioning isn't just a hard worker during the hot summer months. It will also ensure maximum comfort all year round, and thanks to the humidity sensor, will even deal with a steamed-up windscreen (optional on SE, standard on SE L).

Sunglasses compartment

Your stylish shades deserve a special safe place. The sunglasses compartment is located above the interior rear-view mirror. Available on SE and SE L models.

Armrest storage box

The front armrest, which conceals a storage compartment for small items, increases the comfort of both the driver and front passenger (optional on S and SE, standard on SE L).

Ticket holder

When you need to display a parking ticket in a visible place, the solution is simple. The car is equipped with a parking ticket holder under the windscreen.

Box under front seats

A hinged storage box for various small objects can be found under both front seats.

Ice scraper

The green ice scraper, mounted on the fuel cap, is within reach if you need it and it's not a problem to replace it there when wet.

Sunset Glass

Passengers in the rear seats will enjoy effective protection from direct sunlight and a greater sense of privacy provided by Sunset glass, a high-performance tinted glass (optional on SE and SE L).

Parking sensors

Parking the new Fabia is easy with the assistance of the optional front and rear parking sensors, which use visual and audio signals to report the distance from obstacles. Saving you money by warning you about those potential bumps and scrapes.

ASSISTANCE SYSTEMS

Get an extra pair of hands. Let technology help you do what you love doing with the range of assistance systems.

SpeedLimiter

The SpeedLimiter won't let you exceed speed limits. Only a sharp thrust on the accelerator pedal to engage full throttle will deactivate the speed limiter, for safety reasons of course (standard from SE).

ESC

The ESC (Electronic stability control) is further refined in the new Fabia. XDS+ (electronically controlled differential) allows you to drive round corners more safely and dynamically. When some of the front airbags are activated, a new feature, the MCB (multi-collision braking system), will attempt to control out-of-control skidding (standard on all Fabias).

Driver fatigue sensor

The Driver fatigue sensor evaluates data from the power steering sensors to detect any driver fatigue behaviour. In such cases, the Maxi DOT display warns the driver to take a break (optional on SE and SE L).

Front Assist

Using a radar in the front bumper, the Front Assistant initiates an audio/visual warning, using Maxi DOT, to warn about an impending collision. If the driver fails to respond, the system initiates braking to minimise any possible impact (standard on SE and SE L).

SAFETY

The safety of the driver and passengers in the new Fabia is of the utmost importance which is why the latest safety features are available to keep you as safe as possible.

The most valuable load is often transported in the rear. Those in the back of the car will appreciate the option of equipping the rear seats with a third headrest designed for the passenger in the middle seat.

The new Fabia is equipped with six airbags as standard to provide maximum safety to the driver as well as the passengers. These include front, curtain and side airbags.

The ŠKODA Fabia trims & wheels

Fabia S

Standard

15" Dentro steel wheels

Option

S Onyx

Option

15" Mato alloy wheels

Available on all models

See page 32 for details

Please note: CO₂ emissions can change if a different size alloy wheel is ordered. This may also lead to a change in the VED and BiK tax amount payable. Please refer to pages 42 and 43 for more details.

Fabia SE

Standard

15" Mato alloy wheels

Option*

SE Onyx/Grey with brushed dashboard (Black dashboard insert available as an option)

Option*

16" Rock alloy wheels

Option*

17" Prestige alloy wheels

Option*

SE Blue with piano white insert for dashboard

Fabia SE L

Standard

16" Rock alloy wheels

Option

SE L Onyx/Grey with brushed dashboard (Black dashboard insert available as an option)

Option

Because of errors which may occur in the print, the colours illustrated here may differ from the actual finishes themselves. Your ŠKODA retailer will be pleased to advise you.

The ŠKODA Fabia Colour Concept

Colour Concept, exclusively for the new Fabia Hatch, allows you to become the designer. Choose your roof including A pillar, side mirrors and 16" Beam alloy wheels in either white, silver or black and match them with a selection of exterior body colours.

Please discuss possible colour combinations with you local retailer

ACCESSORIES

Make life a work-in-progress. Keep building and keep tweaking until it's exactly what you want. Don't settle for mere extras. Let the add-ons add to who you are.

USB connecting cable - Mini / Micro / Apple
- The USB cable allows you to connect your mobile phone to the car for a range of functionalities. **£23 / £30 (Apple)**

Rubber boot mat - This rubber boot mat will help protect the inside of the boot from getting dirty. **£40**

Rubber floor mats - Easy-to-clean rubber foot mats protect the interior during wet weather. **£39**

Basic roof rack - You can securely attach racks and holders onto the basic roof rack. **£175**

Decorative door sill covers - with aluminum inserts underline the car's unique design, whilst protecting the door sills against damage. **£75** 

Front and rear mud flaps - protect the vehicle body from mud and flying stones. **£48 per set** 

17" Savio metallic black Alloy wheel - The Fabia's distinct style can be further enhanced with the 17" Savio alloy wheels in metallic black. **£200 each** 

These products are ŠKODA Genuine Accessories. You can also find information on the complete assortment of accessories at your authorised ŠKODA retailer. Prices include VAT.

 Price includes fitting.

□ Where law permits.

Power transmission

Clutch Hydraulic single dry clutch disc with membrane spring, asbestos free.

DSG Clutch Two coaxial dry multiple-disc clutch, electrohydraulically operated.

Manual transmission Fully synchronised five or six speed manual transmission.

Automatic transmission Automatic 7-speed, DSG, with Tiptronic manual gear changing.

Chassis

Front axle/rear axle MacPherson suspension with lower triangular links and torsion stabiliser.

Suspension Coil springs, telescopic shock absorbers, rear springs located outside the shock absorber.

Braking system Hydraulic dual-diagonal circuit braking system vacuum assisted.

Front brakes Disc brakes with inner cooling, with single/piston floating caliper.

Rear brakes Disc brakes or drum brakes with two self-adjusting brake shoes.

Handbrake Mechanical handbrake operating on rear wheels.

Steering Direct rack and pinion steering with electro hydraulic power.

Turning circle (m) 9.8

Tank

Fuel tank content 45 litres

Fuel Lead-free petrol with RON 95 or Lead-free petrol with RON 91[†]. Diesel CZ 49. No biodiesel.

Body type Five-door, two compartment, five-seat, double-space steel bodywork, fully zinc-coated.

Depending on your chosen wheel size, different efficiency figures for CO₂ emissions and fuel consumption will apply (based on EU directive no. 715/2007 effective from 01/09/14).

CO₂ values for standard alloy wheels are listed above and can also be found from page 28 onwards, listed with the pricing.

Please note that any change to alloy wheels could result in different efficiency figures, and as a result, the VED band that your Fabia falls into may increase, along with BiK tax. These tables are reference guides to assist you in finding the correct CO₂, fuel consumption, BiK and VED values based on wheel sizes and chosen engine. Please see page 50 for further details on VED and OTR.

The ŠKODA Fabia Engine Specifications - CO2 and fuel consumption

Performance Hatchback - Diesel Engines	Wheels and Tyres	1.4 TDI 90PS	1.4 TDI 90PS DSG	1.4 TDI 105PS

L	226 – 255	£870	£490
M	Over 255	£1,100	£505

OTR (Recommended On The Road)
Recommended 'On the Road' prices include delivery, 12 months Road Fund Licence, DVLA First registration Fee (at £55), and apply to the United Kingdom only.

VED (Vehicle Excise Duty)
All vehicles will be subject to Vehicle Excise Duty based on the fuel type of the vehicle and its carbon dioxide (CO₂) emissions level, measured in grams per kilometre (g/km). Due to changes in vehicle emissions data, CO₂ figures may differ on these vehicles if taken from current ŠKODA UK stock. The VED bands are shown in the table opposite.

¹ First year vehicle licence rates for petrol and diesel cars purchased on or after 1st April 2015. First year rate or 'showroom tax' applies to new car purchases only.

² Rate reverts to the Government's applicable Standard VED rate in subsequent years.

Edition:UK 1st April 2015. VAT is calculated at 20%. Please confirm figures with your ŠKODA Retailer.

Company car tax is based on your cars carbon dioxide emissions. The higher the car's emissions, the higher its tax liability. When a company car is made available for private use a 'Benefit in Kind' value is calculated for tax purposes.

To help you work out your tax liability please refer to page 50.

P11D (Expenses and Benefits)

The P11D value is calculated by taking the On The Road (OTR) price for the vehicle, less the Road Fund Licence (RFL) and First Registration Fee (FRF).

BiK (Benefit in Kind)
The BiK percentage value is based on the CO₂ emissions of the vehicle for the current tax year 2015/2016.

Official fuel consumption for the Fabia range in mpg (litres/100km):

Hatch	Estate
urban 46.3 (6.1) - 72.4 (3.9);	urban 46.3 (6.1) - 70.6 (4.0);
extra urban 67.3 (4.2) - 91.1 (3.1);	extra urban 67.3 (4.2) - 91.1 (3.1);
combined 58.9 (4.8) - 83.1 (3.4).	combined 58.9 (4.8) - 83.1 (3.4).
CO₂ Range 110 - 88 g/km	CO₂ Range 110 - 89g/km

¹Using low-octane fuel may affect engine performance.

* Standard EU Test figures are for comparative purposes and may not reflect real driving results. Fuel consumption and CO₂ figures are obtained under standardised EU test conditions (Directive 93/116/EEC). This allows a direct comparison between different manufacturer models but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available on the ŠKODA website at skoda.co.uk and at vca.gov.org

* Kerb weight is the mass of the vehicle with the body in running order ** Payload includes driver (at 75kg) & equipment

ŠKODA Solutions. Your journey, your choice.

ŠKODA Finance like to do things a little differently, that's why for many years we've specialised in providing simple and convenient funding options for ŠKODA drivers. It's what we know.

ŠKODA Solutions, the personal contract plan, is all about you; a flexible, competitive fixed-rate plan designed around you and your budget, putting you firmly in the Fabia driving seat.

Solutions is different because you defer a proportion of the car's value until the end of the agreement, giving you significantly lower monthly repayments than if you'd taken out a loan....ever heard of a bank being so imaginative?

Solutions is totally flexible. You get to choose the size of your deposit (from as little as one monthly payment), and a repayment period which suits you and at the end of the term you have 3 options to choose from.

- 1 Part-exchange the car for a new ŠKODA on a new Solutions contract.
- 2 Pay the optional final payment so that you own the car.*
- 3 Circumstances changed? Return the car to us (subject to terms and conditions).

ŠKODA Finance also offers hire purchase, contract hire and service and maintenance plans.

Speak to your ŠKODA retailer for your personalised quotation today

Free Insurance for 3 years.

No-one likes to think about their ŠKODA being damaged in an accident. But if it was you'd no doubt want it repaired to ŠKODA standards, by a ŠKODA trained technician using only ŠKODA genuine parts. Would your motor insurance provider guarantee to do that? We didn't think so...

That's why we came up with Ensurance - ŠKODA's free accident and repair cover.

Ensurance works alongside your existing comprehensive motor insurance policy, no matter who you are insured with, to help get you back on the road as smoothly as possible. Better still, it's free for three years and is available on both new and older models.

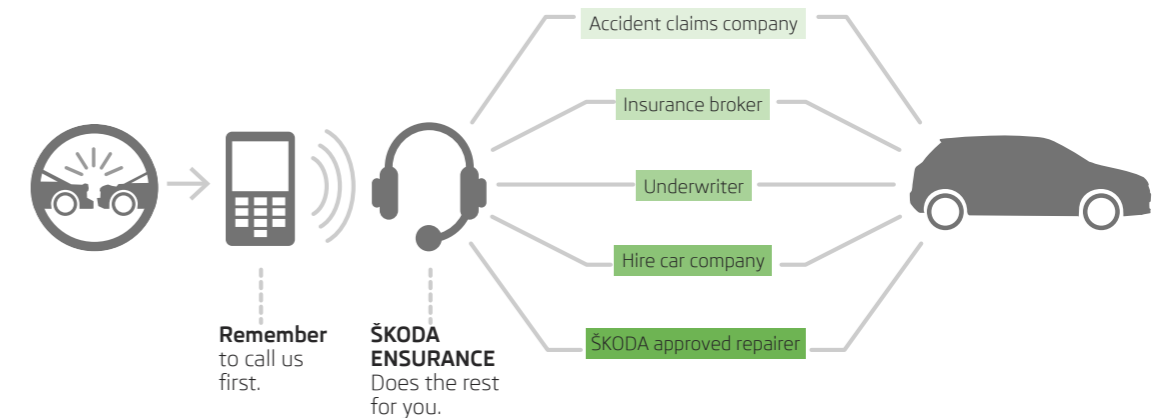

Your free Ensurance cover includes:

- > Guaranteed use of a ŠKODA approved repairer, ŠKODA trained technicians and the use of genuine ŠKODA parts and paints
- > A dedicated Claims Manager who will help look after your claim from start to finish
- > Help to recover any uninsured losses with our Legal Expenses Cover
- > An Online claims tracker so you can keep up to date with the status of any claim

To benefit from Ensurance you'll need to activate your free cover which takes less than a minute.

We hope you don't ever have to use your policy but it's nice to know it's there - just in case.

Remember to call us first, Ensurance will help deal with the rest...

Your car is **guaranteed** to be repaired by a ŠKODA Insurance approved repairer. Only **genuine** ŠKODA parts **will be used**.

For more information and to take out cover today visit skoda-ensurance.co.uk

ŠKODA Insurance motor insurance is sold, underwritten and administered by Allianz Insurance plc.

*Subject to payment of the option to purchase fee. An offer of finance depends on certain conditions. Finance subject to status. Available to 18's and over in the UK only. ŠKODA Finance. ŠKODA Finance is a trading name of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Registered in England number 2835230.

Owning a ŠKODA

We make sure it's easy, fun, and stress-free.

ŠKODA customer service is officially award-winning. We have been voted Number 1 in four of the last five Auto Express Driver Power Surveys.

Network capability

You can enjoy our award-winning customer service through our network of around 165 Authorised Repairers.

As a ŠKODA customer, you will be looked after by your retailer from the moment you walk through the door and throughout the life of your ŠKODA. Your new Fabia will be serviced and maintained to the highest standards by specially trained ŠKODA technicians. And when you need a spare part, you'll be happy to know that most are held in stock, or can be ordered within 24 hours.

The ŠKODA Customer Promise is a commitment from our retailers to offer:

- > Care and consideration for you and your car
- > A flexible and convenient service
- > Expertise and attention to detail
- > A clear explanation of our work

Roadside Assistance

A three year, European-wide, unlimited mileage ŠKODA Assistance policy comes free of charge with every new ŠKODA.

There's a team of specially trained Technicians who carry the right diagnostic equipment and parts to get you back on the road as quickly as possible in the unfortunate event of a breakdown. They'll even help you if you fill up with the wrong fuel, lose your car keys, or get a puncture.

Warranty

When you buy your new ŠKODA through our authorised retailer network, it is automatically covered by a three year, 60,000 mile manufacturer's warranty.

There's no mileage limit on the warranty in the first two years and for additional peace of mind there's a 12 year body protection warranty.

You can even extend your warranty to four or five years, see the option page for prices and page 51 for further details.

Warranty cover from new			
First 2 years	First 3 years	4-5 years	Up to 12 years
Unlimited mileage	3 years or 60,000 miles, whichever is sooner	Optional Extended Warranty	Body Protection Warranty

Further information

You can find lots of additional information about owning a ŠKODA on our website at skoda.co.uk. Our retailers are always happy to help with any questions, backed up our dedicated Customer Service Centre. We look forward to hearing from you soon.

Technical glossary

CAN Bus: the CAN Bus is an electronic data bus which links the various different electronic control systems in the car. It ensures ideal co-ordination between systems and reduces the amount of wiring needed in the car.

Fuel cut-out: should one or more of the airbags inflate after an accident, this system automatically cuts out the fuel supply, thus preventing subsequent leakage of the diesel or petrol.

Trip Computer: the trip computer not only features an impressive range of data displays, operating it is simplicity itself. A multifunction touch key enables you to call up all relevant data on the easy-to-read display. Features include external temperature, time, current fuel consumption, average fuel consumption, miles driven and average speed.

HHC: Hill hold control allows for a safe hill start by holding the brake for a small amount of time, reducing the risk of unintentional reversing or roll back.

TPM: Draws the drivers attention to any pressure loss in any of the tyres. Early warning can prevent damage from occurring as a result of an under inflated tyre or a defect that radically changes the cars behaviour and driveability.

The Diesel Particulate Filter (DPF)

DPF: diesel particulate filter is part of the exhaust system responsible for cleaning the engine exhaust gases before they enter the atmosphere. The DPF catches soot particles emitted in the exhaust gas and it works in conjunction with the catalytic converter, which reduces the amount of harmful gases entering the atmosphere. The DPF must periodically be emptied of the soot particles, a process known as regeneration. This involves elevated exhaust system temperatures. A driving style is required during regeneration, where a constant vehicle speed above 37 mph must be maintained. This does not always suit customers who make frequent short journeys or experience stop/start driving or drive within inner-city or urban areas.

CR: the completely new range of diesel engines are built on a system of Common-Rail fuel injection. The diesel engines have a high-pressure common rail direct injection fuel system and four-valve technology. As a result, the new engines are much quieter, more refined in their operation and consume less fuel, compared to the Pump Duse engines and significantly reduce emissions.

The Electronic Stability Control (ESC)

ESC: electronic stability control is designed to stabilise the dynamic handling response of the vehicle by counteracting any tendency towards oversteer or understeer. The ESC constantly compares the actual movement of the vehicle with predetermined values and according to the situation ESC reacts by braking each wheel individually (according to direction of slip) and automatically adjusting the engine's output.

Elements of ESC system:-

ABS: the anti-lock braking system prevents the wheels from locking during heavy or emergency braking, enabling the vehicle to remain steerable. When braking, wheel speed sensors measure the road wheel speed and should one or more wheels start to lock the system reduces brake pressure to that wheel.

Elements of the ABS System :-

- EBC**: Electronic brake control. The engine brake torque control regulates the power supply by intervening with the engine management system.

Elements of ESC system (Continued):-

- ASR**: anti-slip regulation traction control ensures the Fabia's stability when pulling away or accelerating. If the engine power or torque being transmitted to the drive wheels is too great, for example on a slippery road surface, engine torque is automatically reduced until optimum road holding returns, thus preventing wheelspin. A light indicates whether the ASR system is on. It can be manually switched off.

- EDS**: the electronic differential lock system continually compares the rpm of the drive wheels, and if it identifies a difference between them which could lead to an individual wheel spinning, for example if the two wheels are on different types of surface or accelerating on wet leaves, the system brakes the wheel affected until uniform rpm of all drive wheels is restored.

- HBA**: Hydraulic brake assistant increases the optimal build-up of brake power. It ensures complete use of the brake system potential, thus shortening the braking distance.

- MCB**: Multi-collision braking system helps to decrease speed after a collision through automatic braking interventions and to stabilize the vehicle. This reduce the risk of a subsequent crash due to uncontrolled vehicle movement.

- XDS+**: The XDS+ is an extension to the electronic differential lock. XDL+ does not respond to traction, but to the load relief of the inner front wheel of the driving axle during fast cornering. The automatic brake intervention on the brake of the wheel with reduced load prevents the wheel from spinning. Thus, the traction is improved and the vehicle can continue to follow the desired track.

- MSR**: Engine drag torque control

Customer services

Talk to us on 03330 037 504

No matter what the query, our dedicated call centre is always ready to listen. No matter how big or small the request, speak to one of our customer care advisors to see if they can help. The call centre is open from 8.30am-5.30pm. If you're calling out of hours, then a message can be left and you'll be contacted back.

Peace of mind with a ŠKODA warranty

In the first two years of owning your car, you'll get the peace of mind of a two year unlimited mileage warranty. In addition, you'll also get a further warranty on new vehicles supplied through the appointed dealer network until the vehicle has completed 60,000 miles or the end of the third year, whichever is sooner.

Your Fabia also benefits from a 3 year paint warranty and 12 year body protection warranty.

A network that's here to help

With 17 years in the top 10 of JD Power's customer satisfaction survey, our network of approximately 160 authorised repairers know how to treat a customer. You can be sure that as a ŠKODA customer, your retailer will look after you from the moment you walk through the door, throughout the life of your ŠKODA. Your Fabia will be serviced and maintained to the highest standards by specially trained ŠKODA technicians. And when you need a spare part you'll be happy to know that most are held in stock, or can be ordered within 24 hours. So if top class customer satisfaction is what you're after, the ŠKODA network will be there for you.

Motability

People in receipt of the Higher Mobility Component of the Disability Living Allowance receive special help from ŠKODA. Preferential prices on low cost Contract Hire are available through your local approved Motability retailer. For full details, contact your retailer.

If your ŠKODA's in trouble, rely on ŠKODA Assistance

Completely free of charge, every new ŠKODA is covered by ŠKODA Assistance. This cover lasts for 3 years, with no mileage limit. So if you ever break down, you can use the freephone number to call out someone who really knows about ŠKODA cars to help. This service is even available in Europe, so you don't need additional breakdown cover when you're driving on the continent.

Financing your ŠKODA

We all know that times are hard, so ŠKODA Finance specialises in providing funding solutions for ŠKODA drivers. Regardless of whether you're a private or business user, you can choose from a range of funding options.

Finance products available are:

- Solutions – a personal contract plan
- Hire purchase
- Lease purchase
- Finance lease
- Contract hire

With all ŠKODA Finance products you can choose a fixed-cost maintenance plan designed to help you budget accurately. No matter what finance product you choose, your local ŠKODA retailer will be able to provide you with a personalised quote that could meet your budget and vehicle needs. ŠKODA Finance is a trading name of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Registered in England number 2835230.

Adding that little extra to your car

If the standard specification and factory fitted options aren't enough for you, then why not take a look at our range of retailer fitted accessories?

A separate accessories brochure can be found at your local retailer, or can be ordered by phoning our call centre, or by going on-line at skoda.co.uk

ŠKODA Ensurance

Ensurance from ŠKODA Insurance is sold and administered by Lawshield UK Limited, registered in England number: 3360532 (registered office: Lawshield House, 850 Ibis Court, Lakeside Drive, Centre Park, Warrington, Cheshire, WA1 1RL) and underwritten by UK General Insurance Limited on behalf of Ageas Insurance Limited, registered in England number: 354568 (registered office: Ageas House, Tollgate, Eastleigh, Hampshire, SO53 3YA).

For details of our full range of insurance products visit insurewithskoda.co.uk. For a quote call us free on 0800 316 8025. Lines are open Monday to Friday 8am – 9pm and 9am – 5pm on Saturday.

ŠKODA Insurance is a trading name of Volkswagen Insurance Service (Great Britain) Limited, an appointed representative of Volkswagen Financial Services (UK) Limited, registered in England number: 2835230 (registered office: Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR). ŠKODA Insurance motor insurance is sold, underwritten and administered by Allianz Insurance plc, registered in England number: 84638 (registered office: 57 Ladymead, Guildford, Surrey GU1 1DB). Both organisations are authorised and regulated by the Financial Conduct Authority (FCA), whose registration numbers are 311988 and 121849 respectively.

Authorisation details can be checked on the FCA' s register at www.fca.org.uk or by contacting the FCA on 0800 111 6768. Volkswagen Financial Services (UK) Limited and Allianz Insurance plc are not part of the same corporate group.

Exclusions and limitations

Wear and tear components will only be considered under the terms of the warranty for the first of six months or 6,500 miles, whichever is soonest. These include, but are not limited to brake linings and disc pads, clutch release bearings, clutch pressure plates and centre plates, tyres, wiper blades, seat and backrest covers, floor coverings, spark plugs, batteries for key fobs and alarms, light bulbs and shock absorbers.

Mechanical adjustments including but not limited to adjustments to doors, flaps, boot lids, bonnets and sunroof, brake adjustment, clutch adjustment, v belt adjustment, ignition adjustment, headlight adjustment, steering geometry adjustments and wheel balancing are excluded.

Damage (including but not limited to the following) is excluded:

- Damage caused by your failure to take all reasonable steps to prevent mechanical damage from occurring.
- Damage or defects caused by not having the vehicle serviced in accordance with the manufacturer's guidelines.
- Damage or defects caused by improper use of the vehicle, neglect or use of the vehicle for motor sports activities.
- Damage caused by an accident.

- Damage to paintwork or chrome caused by external influences, such as climatic, chemical or industrial pollution.
- Damage resulting from the use of non-original replacement parts.

The Volkswagen logo, which is used by ŠKODA Insurance

Routine maintenance and servicing is not covered by the warranty. Incidental or consequential costs such as hotel charges, car hire, loss of personal effects or income are not recoverable under the terms of the warranty.

The information in this brochure referring to specification, design, equipment, material and external appearance relates to the time at which this brochure was printed. Whilst every effort is made to ensure its accuracy, the information in this brochure is not binding and is subject to alteration. Some illustrations in this brochure depict left hand drive models, with both standard and optional equipment shown. Please confirm exact specifications, prices and colour availability with your SKODA retailer who will be notified of any specification changes as they occur.
