Illustrated: 2000GT and S800.

Design

The GT86 brings the classic sports car experience to a new generation. The principles are simple. Lightweight body. Front-mounted engine. Rear-wheel drive. Great balance and handling. This philosophy was behind influential driver-focused Toyota models such as the 2000GT and AE86. These automotive icons fed the imagination of Toyota's engineers, and ensured that the GT86 has the perfect blend of pedigree and performance.

“Toyota’s new sports car appeals to your head as well as your heart.”

Auto Express

Drive

Technology is brilliant – the solution to many challenges. But high-tech driver aids can disconnect us from the skill and emotion of driving. With its front-mounted, free-revving petrol engine driving the rear wheels, the GT86 gives control back to the driver. The result? A car that’s responsive, nimble and beautifully balanced. You’re back in the driving seat.

“When you have rear drive, you have balance. You have a division of labour. The front wheels do the steering. The ones at the back do the propulsion.”

Top Gear Magazine

With the low centre of gravity, the driver is now in touch with the road again.

Re-ignite your passion for driving.

Performance

Every engineer and designer behind the GT86 is passionate about driving and knows that performance is not just about power and top speed. They set the powertrain and driving position as low and as far back as possible, for near-perfect weight distribution. The GT86's core ingredients of light weight, low centre of gravity and a precise power-to-weight ratio connects the driver to the road in a way that brute power simply doesn't understand.

A torque-sensing limited-slip differential is fitted as standard – true to the GT86's character as a real driver's car.

“This is my sort of performance car. Good steering, nice crisp gear change, revvy engine.”

Top Gear Magazine

Low centre of gravity By adopting an ultra-low 460 mm centre of gravity, the GT86 delivers sheer driving pleasure.

* Combined cycle.

Enjoy the ride in safety.

Safety

In the same way that driving excitement runs through the GT86, an absolute commitment to safety runs through Toyota.

Safety features on the GT86 include seven airbags alongside multiple passive and active safety systems including ABS, Brake Assist and a Vehicle Stability Control (VSC) system that can be adjusted to suit your driving style.

Supplemental Restraint System (SRS) airbags GT86 is fitted with seven airbags including driver's knee airbag.

Vehicle Stability Control (VSC) To suit your driving style, the switchable VSC system is adjustable through two driving modes: normal or sport.

A design that expresses both
playfulness and attention to detail.

Black leather seats with black Alcantara® (optional).

Interior

Elegant, focused and driver-oriented. It's what a racing driver expects from a car's interior, and it's a lesson applied to the GT86. You sit low, gripped by sculpted sports seats. The dominant dial is the rev counter. Gear shift, switches and controls are intuitively positioned. Understated yet classic.

"It is a car that makes the driver feel like a hero."

Sunday Times

From the beginning, the concept was to put the driver back at the heart of the sports car.

Control

The essence of a sports car is driver control. The GT86 has been engineered for that purpose – not through horsepower and computer technology but by classic driving dynamics and design. It's not just on the road where the GT86 shows impressive control, but also at the driver's fingertips with the Toyota Touch® multimedia system. The touchscreen controls the six-speaker audio system, and enables Bluetooth® connectivity for phone connection and music streaming, plus aux-in and USB port.

The Red interior pack, inset, includes red steering wheel inserts, gear shift, handbrake and door handle inserts. This pack is available on all grades, except Primo.

1. Toyota Touch® is a 6.1" colour touchscreen with multimedia capabilities that displays vehicle information and has the following features:

- USB and aux-in for WMA and MP3 music playing
- Bluetooth® pairing
- Bluetooth® music streaming
- Auto phone contact download

2. Dual-zone automatic air conditioning* – GT86 is equipped with a dual-zone automatic air conditioning system to maintain a comfortable cabin temperature.

3. 6-speed manual transmission – The newly developed short shift stroke delivers responsive and smooth gear changes. The gear ratio has also been optimised to combine driving and environmental performance. Alternatively, there is 6-speed automatic transmission with paddle shift[§] (shown).

* Not available on Primo.

§ Automatic transmission available on GT86 grade.

Toyota Touch®

Enjoy unprecedented in-car convenience with Toyota Touch® available as standard.

1. Touchscreen multimedia Use the 6.1" colour touchscreen with the radio/CD and portable media players connected via USB or aux-in.

The USB and aux-in enable MP3 and WMA music files to be played.

2. Bluetooth® connectivity Connect a compatible phone using Bluetooth®* for mobile phone calls and to stream music stored on your MP3 player.

* Contact your local Toyota Centre to find out if your phone is compatible or go to toyota.co.uk/owners and click on Vehicle Information.

1.

2.

Point your smartphone or webcam at the graphic for further information.

Toyota Touch® & Go

Or upgrade to optional Toyota Touch® & Go to be even more connected.

1. Full map satellite navigation Plot your route with easy-to-update satellite navigation. Includes speed limit and safety camera warnings.

Includes USB navigation destinations using Google™ Maps. Plan a route on your computer, save it to a USB and plug it into Toyota Touch® & Go.

2. Connected services Enhanced connectivity[§]. Google™ local search, Google™ send to car and Toyota Applications.

Toyota Touch® & Go account set-up required.

3. Text messaging Use advanced Bluetooth® to send and receive SMS messages when it's safe to do so, with customisable templates available to minimise distraction.

[§] Requires compatible mobile device and tethering.

[°] Bluetooth® MAP profile required on your mobile phone.

Option packs

Personalise your GT86 with a choice of side or roof decals. Alternatively, select both options for a great combination.

Please order when purchasing your vehicle.
This pack not available on Aero or Blanco grades.

Side stripes emphasise your car's sculpted contours – in black or silver gloss.

Roof stripes in black or silver gloss for that added touch of personal expression.

Option packs

For luxury, there's nothing that compares with the look and feel of genuine Toyota leather seats. Made with top quality leather and featuring seat heaters as well as a premium embossed GT86 logo, these custom leather seats exude quality, and finish the GT86 interior perfectly.

Numbering plate on Blanco grade only.

Carbon Pro pack

Add both style and protection to your GT86 with the Carbon Pro pack. Carbon-effect wing mirror covers enhance the appearance of the already sporty-looking GT86, while rear parking sensors and

a carbon-look rear bumper protection plate mean you can keep your GT86 looking its best. Not available on Aero and Blanco grades.

JBL sound upgrade

Enhance your driving experience with JBL premium sound featuring a 440 watt DSP amplifier and nine speakers. Dashboard and door speakers illustrated.

Accessories

1. Black rear bumper protection plate. Protects the rear bumper paintwork against scratching when sliding heavy or awkward loads into the boot. Also available in carbon finish.

2. Centre armrest combines functionality and style, creating a safe storage area and a comfortable support for longer drives.

3. Door handle protection film invisibly guards the paintwork against accidental scratching.

4. Mud flaps for the front and rear, help control the spread of mud and water spray. Not available on Aero grade.

Glossary

Discover more about GT86 technology.

2.0 I D-4S boxer

The lightweight, front-mounted 2.0 litre boxer engine uses Toyota D-4S technology, combining direct and port injection to deliver more power, torque and fuel efficiency while lowering CO₂ emissions.

Anti-lock Braking System (ABS) with Electronic Brake force Distribution (EBD)

ABS prevents the wheels from locking while braking. EBD complements this by optimising brake force distribution between each wheel to compensate for different loads. Together the two systems help you to maintain steering control when braking heavily.

Brake Assist (BA)

If you attempt an emergency stop, BA will detect this and apply additional brake pressure. This enables ABS to work to its maximum potential.

High Intensity Discharge (HID) headlights*

HID headlights use less energy and are more than twice as bright as conventional halogen bulbs. This provides a safer night-time drive, especially in poor weather. These distinctive headlights are equipped with an automatic beam-levelling control to reduce glare.

* Not available on Primo grade.

Pre-tensioners and force-limiters

Integral to the front 3-point ELR seat belts, pre-tensioners and force-limiters are designed to help avoid injuries to the chest area.

Glossary

Discover more about GT86 technology.

Smart Entry & Start System* (Driver, passenger and boot)

Instead of a conventional key, the Smart Entry & Start System features a transmitter that allows you to unlock the doors by pulling the handle and lock them again by pressing a button. To start or stop the engine, simply press the Start/Stop button. All you need to do is carry the Smart Entry key in your pocket or handbag.

* Not available on Primo grade.

Traction Control (TRC)

If you accelerate too hard and cause the drive wheels to lose grip and begin spinning, TRC will automatically reduce engine power and control brake force to help restore traction.

Vehicle Stability Control (VSC)

VSC automatically activates each individual brake as needed and controls engine output to help maintain stability and prevent skidding when turning sharply or cornering on slippery road surfaces.

Whiplash Injury Lessening (WIL) seats

During an impact at lower speeds and particularly from the rear, WIL seats and headrests cushion the head and back. This reduces the risk of whiplash injuries.

Connected Services

Toyota Touch® & Go allows access to a selection of on-board internet-based services, harnessing the power of your mobile phone. Search for a restaurant, check local fuel prices, weather info, or that elusive parking space – all from your car. To take advantage of these features your mobile phone will need to be compatible with Toyota Touch® & Go, have a suitable data plan, and be tethering-enabled. Contact your phone provider for more details. Further applications are coming soon, downloadable from toyota.co.uk but may incur an extra cost.

Owning your new GT86

Servicing your Toyota

Toyota Fixed Price Servicing means you will be sure to know the cost of your service up front. Expertly trained technicians using only genuine Toyota parts will carry out your service at one of over 200 Authorised Toyota Service Centres. The technicians will advise you on the correct service for your car based on the car's age, mileage and service history.

For more information visit toyota.co.uk/service

Service Plans

Inflation-proof pricing with a monthly or one-off payment plan means one less thing to worry about. With Toyota Service Plans the price you're quoted is guaranteed for the duration of your plan. The service, parts and labour are all paid for either in monthly instalments or as a one-off payment at the beginning of your plan.

For more information visit toyota.co.uk/service

Toyota Fixed Price Repairs using Genuine Parts

We offer fixed prices on a number of repair items for your Toyota giving you peace of mind when it comes to managing costs. Also don't forget we only use genuine Toyota parts, all of which come with at least 12 months' warranty (some even offer unlimited mileage warranties); and your car will always be dealt with by a trained Toyota Technician.

For more information visit toyota.co.uk/repairs

My Toyota

Whether you're a long-term owner or have recently taken delivery of a new Toyota, there are lots of reasons to join **My Toyota**. Packed with time saving and convenient features, **My Toyota** ensures everything you need to manage your vehicle ownership is in one place. You'll also gain access to **My Rewards** where you can enjoy great offers and discounts from big brands on everything from family days out to pampering as well as everyday deals.

For more information visit toyota.co.uk/mytoyota

Toyota Accessories

Toyota accessories are designed and manufactured with the same care, quality and attention to detail as Toyota vehicles. Tailor-made for your Toyota, they fit perfectly and add a personal touch of style, comfort and practicality. Also, because they've been tested under the most severe conditions, you can have complete confidence in their reliability and durability. To add to the reassurance, every genuine Toyota accessory has a 5-year warranty when purchased together with the vehicle.

For more information visit toyota.co.uk/accessories

Toyota Roadside Assistance

When you buy a Toyota you will automatically receive 12 months' AA Roadside Assistance in the UK and Europe, free of charge; after the first year the cost of Toyota Roadside Assistance is £6 per month when paid by monthly Direct Debit, £68 per annum if paid by annual Direct Debit or £72 per annum when paid by all other payment methods.

For full terms and conditions please visit toyota.co.uk/roadsideterms

5-Year Toyota Warranty

Every new Toyota comes with a 5-year/100,000-mile (whichever comes first) manufacturer's warranty, covering you against the unlikely event of a manufacturing defect causing a mechanical fault.

For full details, please ask your official Toyota Centre or visit toyota.co.uk/5yearwarranty

Corrosion Cover

The 12-year unlimited mileage cover protects against rust perforation affecting sheet metal body panels as a result of a manufacturing fault. This warranty can also be transferred to any future owner throughout the 12-year period.

Rust and Paint Cover

The 3-year unlimited mileage cover protects against defects and surface rust as a result of a manufacturing fault.

Toyota Extended Warranty

You have the choice of either the unlimited mileage cover or the low-user option that restricts you to 10,000 miles per year. You also have a choice between 12 and 24 months' cover (subject to vehicle eligibility). The 24-month option will show a saving over two 12-month Toyota Extended Warranty policies and is available with the low-user option at 10,000 miles per year over 24 months.

The Toyota Extended Warranty can be renewed until the vehicle is eight years old, and if a part covered by the Toyota Extended Warranty suffers electrical or mechanical failure at any time during the term, Toyota is committed to fixing it. You don't pay for replacement parts or labour.

For more information visit toyota.co.uk/extendedwarranty

Toyota Motor Insurance

Toyota Motor Insurance is available for Toyota owners at competitive premiums. To obtain details of the benefits included and to arrange a quotation, please contact your local Toyota Centre or call 0800 350 500.

Flexible Finance from Toyota Financial Services

All our plans offer easy budgeting and peace of mind and **AccessToyota** brings these benefits together in one flexible package.

Toyota Financial Services, Great Burgh, Burgh Heath, Epsom, Surrey, KT18 5UZ.

ALWAYS A
BETTER WAY

To experience the new GT86 or for more information, please contact your local Toyota Centre or visit our website at toyota.co.uk/gt86

Whilst every effort is made to reproduce accurate information, we reserve the right to change specifications, equipment and availability without prior notice. This brochure cannot be regarded as infallible (some of the vehicles shown may not be to exact UK specification), and as such does not constitute an offer for sale of any particular vehicle or specification. Fuel-consumption values quoted throughout this brochure are determined according to EC Directive 1999/100/EC. The results do not express or imply any guarantee of actual fuel consumption. For the latest specification and availability, we ask that you contact your local Toyota Centre.

Quoted mpg and CO₂ figures: All mpg and CO₂ emissions figures quoted in this brochure are sourced from official EU-regulated test results. These are provided for comparability purposes only and may not reflect your actual driving experience. Fuel consumption varies significantly depending on a number of factors, including driving style, conditions, speed and vehicle weight. In order to allow consumers to compare and make an informed choice between one vehicle and another, there is a European Commission standard (93/116/EC and 692/2008) to measure fuel consumption. This common standard must be adhered to by all manufacturers selling motor vehicles in the EU and is the basis for fuel consumption figures published by each manufacturer. For further information please visit www.dft.gov.uk/vca/fcb/faqs-fuel-consumptio.asp or speak to your local Toyota Centre.

The use of the term 'Toyota Accessories' should not be taken to imply that the products on these accessory pages are actually manufactured by the Toyota Motor Corporation or Toyota (GB) PLC. The After Sales Division is continually updating and changing specifications of accessories and reserve the right to do so at any time without prior notice. • Vehicle body colours may differ slightly from the printed photographs in this brochure. The readability of QR Codes® present in this brochure may differ according to the scanner used. Toyota cannot be held responsible should your device not be able to read any QR Codes®.
