

New i40

 NEW THINKING.
HYUNDAI NEW POSSIBILITIES.

TAKE COMMAND OF THE ROAD AHEAD

It isn't one thing that sets the New i40 apart from other vehicles on the road. It's a blend of comfort, technology and performance-related innovations that combine to create a unique driving experience. The bold front grille complements its sleek exterior and boosts its visual appeal. An upgraded powertrain and improved fuel efficiency adds to greater overall performance.

Cars shown may not be to UK specification.

Cars shown may not be to UK specification.

TAKING YOUR JOURNEY TO THE NEXT LEVEL

i40 is the perfect expression of your individuality. New features including LED daytime running lights, stylish alloy wheels and sleek design details all come together to make a statement that will turn heads.

POWERFULLY ATTRACTIVE, BEAUTIFULLY ACTIVE

As you'd expect, pure quality runs through every aspect of the New i40. The cabin is soothingly quiet, while the impeccably-tuned chassis delivers a smooth and stable ride. The steering and the suspension systems have been fine-tuned to provide all the comfort you deserve.

Cars shown may not be to UK specification.

EXHILARATING AND RELAXING, ALL IN PERFECT HARMONY

The i40 is the perfect companion on the road. Smooth and comfortable, yet exhilarating at every curve. The power-packed engine offers true driving pleasure whenever and wherever.

Cars shown may not be to UK specification.

A FURTHER UPGRADE FOR A STYLISH ADVENTURE

The improved i40 blends style with comfort. The cabin provides ample room for 5 adults and abundant luggage capacity. Bluetooth® as standard ensures you can always stay connected on the road and the premium audio system provides exceptional sound.

The supervision instrument cluster on Premium models arrives with brilliant clarity to the information display. Added storage space in the rear armrest can hold a variety of items.

RECLAIM YOUR DOMAIN

i40's cabin is filled with intuitive features to enhance your experience. Start with the acoustically tuned audio system that creates an immersive audio experience in the cabin. You'll also appreciate steering wheel audio and phone controls that let you take command of a variety of functions without any distraction.

Keyless smart entry with engine start/stop button (SE Nav Business and Premium models)

i40 automatically detects your smart key when you are in the vicinity of your vehicle. A simple press of a button located on the door handle is all it takes to unlock the car.

Audio system

The standard audio system with 6 speakers, an AM/FM radio and CD player with MP3 playback capability brings premium sound to the cabin. SE Nav, SE Nav Business and Premium models arrive with DAB digital radio for superior sound quality. (Audio system shown not to UK specification.)

Steering wheel audio and phone controls

Designed to make driving more convenient and safe, the multi-function steering wheel features buttons that let you adjust the settings of the audio system, ensuring that your hands stay safely on the wheel.

Driver's seat memory function (SE Nav Business and Premium models)

This handy feature remembers your favourite driving positions for maximum comfort.

Supervision instrument cluster with LCD colour display (Premium models)

A small marvel of electronic engineering brings unprecedented clarity and brilliance to information display.

Cars shown may not be to UK specification.

INTUITION, INNOVATION, INSPIRATION: ALL COME TOGETHER

i40's surfaces are finished in a sophisticated colour scheme characterised by muted, carefully matched shades, while key touch points have subtle textures that stimulate your senses. A variety of seat options and functions provide optimum comfort.

Driver's seat with electric adjustment and lumbar support (SE Nav, SE Nav Business & Premium models)

Adjustable in 10 different ways, the electrically controlled driver's seat includes a lumbar support that promotes greater comfort.

Electric parking brake

The compact and convenient parking brake frees up precious cabin space.

Climate control (SE Nav, SE Nav Business & Premium models)

Enjoy even more comfort with dual zone climate control.

Ventilated front seats (SE Nav Business & Premium models)

Stay cool thanks to the seat ventilation system available for the driver and front passenger seats.

LIGHT UP YOUR JOURNEY

The generous luggage space in i40 is typical of a design that prioritises comfort and practicality at every turn. The perfect ambience is provided by the panoramic sunroof, which comes as standard on Premium models. It floods the cabin with light and gives you a perfect view of the world outside.

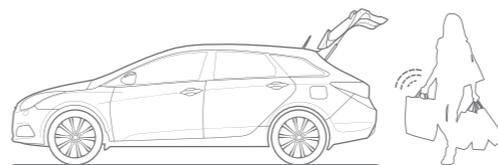

Brown leather interior not available in the UK. Cars shown may not be to UK specification.

Cars shown may not be to UK specification.

SPACIOUS ENOUGH TO FIT EVERYTHING YOU DESIRE

The i40 fits your lifestyle with its spacious and versatile luggage room. With the release of a simple lever, the back seats easily fold into the floor to create an extended luggage space. Whether you are visiting the countryside with your mountain bike or have a heavy load of luggage, i40 has got you covered.

Smart electric tailgate (Tourer Premium models)

The smart tailgate system automatically opens the tailgate for you, just wait 3 seconds behind the i40 Tourer with your key in your pocket and voila! Say goodbye to putting your shopping on the floor to open the tailgate with this innovative and convenient feature.

Split folding rear seats (60/40)

i40's rear seats can disappear in seconds. The rear seats easily fold into the floor with the simple release of a lever in order to free up more luggage space, which can come in handy in a number of situations.

Brown leather interior not available in the UK. Cars shown may not be to UK specification.

Seat folding system - flat type

Rear seats fold flat into the floor while the luggage rail system, on Premium, helps keep your luggage safely secured.

Tourer luggage capacity

The i40 Tourer benefits from 553 litres of boot space (1,719 litres with the seats down). It's surprising just how much you can fit into the back of your i40.

Saloon luggage capacity

The Saloon boasts an impressive 525 litres of boot space. Perfect for business trips or family holidays.

i40 TAKES YOU AWAY AND BEYOND

i40's upgraded performance gives you a boost of power. Choose the 7-speed Dual Clutch Transmission, available with the 1.7 CRDi 141PS diesel engine, for a perfect blend of performance and efficiency. The 6-speed manual transmission will provide an economical and smooth drive, whether you decide to go for the 115PS or 141PS power output option – perfect for driving purists. In all, i40 features some of the most advanced technologies available, ensuring the ideal blend of power and economy.

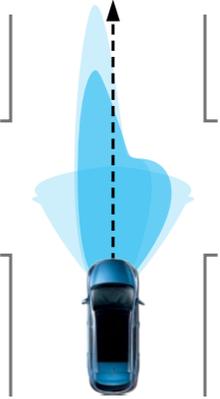

Cars shown may not be to UK specification.

SUDDEN SURPRISES AND OBSTACLES, NOW OBSOLETE

When you are travelling, you could come across adverse situations that can take you by surprise. Not to worry, i40 comes with many safety features designed to keep you safe. So sit back, relax and enjoy the ride.

Smart high beam (available on Premium models as part of the Visibility Pack)
New i40's optional bi-xenon headlights can automatically switch from high beams to low beams when an oncoming car is detected.

Adaptive Forward Lighting System AFLS (available on Premium models as part of the Visibility Pack)
Adaptive Forward Lighting System (ALFS) uses a pivoting mechanism to continuously aim the headlights in the direction of travel with low/high functional mode.

Hot stamping method

Advanced high-strength steels are used in key body areas to maximise strength. Since the steel is so hard, it must first be pre-heated to 900 °C before stamping. This Hyundai innovation offers more protection to the driver and passengers in the event of a collision.

Advanced high-strength steels

No ordinary, run-of-the-mill steel, the advanced high-strength steels are high performance special steel alloy applied to critical areas of the body's shell where additional strength reinforcement is required. The benefit is superior safety.

Steel multi-coned structure and bonnet inner frame

Applied to the bonnet, this novel structure is highly effective in absorbing impact forces and represents a major advancement in reducing the risk of serious head injuries in pedestrian-car collisions.

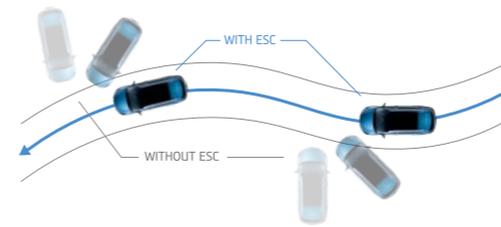

Brake Assist System (BAS)

Advanced electronics are capable of making near-instantaneous calculations about road conditions, vehicle weight distribution and the correct amount of braking force in order to bring the vehicle to a safe stop within the shortest distance possible.

Cars shown may not be to UK specification.

WHEN IT COMES TO i40 THERE IS NO ROOM FOR DOUBT

Advanced high-strength steel adds an additional degree of safety. Safety is further enhanced by sophisticated airbag technology and specially constructed crumple zones that absorb energy upon impact to minimise injuries in the event of a collision. All of this, combined with the rigidity of laser seam-welded joints helps diminish the impact of an unavoidable event.

Electronic Stability Programme (ESP)

Electronic Stability Programme (ESP) continuously monitors vehicle directional stability and tyre traction. If the system senses the car is about to skid and risks spinning out of control, ESP automatically applies the brakes to individual wheels as needed to keep the vehicle headed in the right direction.

9-airbag system (Premium models)

With up to 9 airbags, including both driver and passenger airbags, 2 side curtain airbags and 2 front thorax-pelvis side airbags and 2 rear thorax side airbags at the outboard seating positions, plus a driver's knee airbag. S, SE Nav and SE Nav Business models benefit from a 7 airbag system that include front, front side, driver's knee and full length curtain airbags.

Automatic dimming rear view mirror (SE Nav, SE Nav Business & Premium models)

This helpful feature automatically senses and reduces light intrusion from following vehicles, dramatically reducing eye fatigue.

Hill-start Assist Control (HAC)

This technology ensures you won't roll backwards when you stop on a steep hill.

RELAXATION AT LAST

From your getaway and back to your home, i40 with its serene drive experience, variety of features and versatility in functions keep you relaxed throughout your trip. Confidence in build quality, pride in styling, pleasure, exhilaration and relaxation, all part of the i40 experience.

Cars shown may not be to UK specification.

LED rear combination lamps

Sharp and precise, the wrap around rear combination lamps use an array of LEDs for maximum brightness and enhanced safety.

Front windscreen wiper de-icer

(SE Nav, SE Nav Business & Premium models)
A heating element embedded in the lower windscreen melts away ice and frees up frozen wipers.

LED brake light

Maximum visibility and safety are ensured by mounting the brake light onto the rear spoiler and fitting it with an array of bright red LEDs.

Black Matt Finish (S, SE Nav & SE Nav Business models)

Black with Chrome Inserts (Premium model)

Radiator grille

Along with the stylish headlights, bold radiator grille designs contribute to the enhanced and glamorous look of New i40.

A. 17" alloy wheels
